Features

Input & Article Processing

this is what I'd want

- Article Wide Processing
- Automatic Figure Detection
- On Demand Processing ~
- Figure Drag Drop
- Image File Upload
- Clipboard Image Import
- PDF Figure Selection (no)
- Figure Caption Extraction

Data Recovery

- Automatic Data Recovery
- Recovery Confidence Scores
- Recovery Error Warnings
- Data Completeness Indicators
- Manual Data Correction (not sure how that interacts with wrong data)
- Uploading alternative data
- Axis Label Correction (should not be necessary)
- Unit Recognition

Sonification

- Automatic Sonification Generation
- Synthetic Sound Library
- Sound Group Selection
- Sonification Parameter Adjustment
- Playback Speed Adjustment
- Pitch Range Adjustment
- Audio Volume Adjustment
- Sonification Method Selection

Data Exploration

- Minimum Value Playback
- Maximum Value Playback
- Individual Value Playback
- Aggregated Value Playback
- Statistical Summary Playback
- Axis Orientation Cues
- Spatial Orientation Sounds

- Data Point Navigation
- Time Based Navigation
- Section Replay Controls
- Keyboard Exploration Controls
- Distribution Exploration Controls
- Group Comparison Playback
- Chart Structure Description

Textual Accessibility

- Alt Text Playback
- Figure Caption Playback
- Axis Label Playback
- Recovered Data Summary
- Data Range Description
- Trend Description Playback
- Uncertainty Information Playback

Interface & Accessibility

- Screen Reader Compatibility
- Full Keyboard Navigation
- High Contrast Interface
- Adjustable Text Size
- Customizable Shortcuts
- Persistent Accessibility Preferences
- Visual Focus Indicators
- Minimal Interface Design

Saving & Persistence

- Local Data Storage
- Server Data Storage
- Sonification Parameter Storage
- Recovered Data Storage
- Playback Position Storage
- Figure Association Metadata
- Automatic Result Reuse (Option)

Export & Sharing

- Recovered Data Export
- MP3 Audio Export
- MIDI File Export
- Parameter Settings Export
- Metadata Export
- Local File Saving
- Sonification Sharing

- Reproducible Configuration Sharing

Personalization

- Custom Sound Preferences
- Preferred Sound Groups
- Default Playback Settings
- Preferred Navigation Mode
- Spoken Summary Preferences
- Custom Interaction Settings
- User Profile Settings

Article Navigation (probably mostly all sorted through screen reader)

- Figure List Navigation
- Figure Text Association
- Article Position Restoration (hopefully
- Figure Processing Status
- Previous Figure Navigation
- Next Figure Navigation

Reliability & Transparency

- Recovery Confidence Display
- Uncertain Value Marking
- Data Source Attribution
- Processing Status Feedback
- Recovery Method Information
- Original Figure Reference
